2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Kid Street Charter school is a TK-6 charter school located in Railroad Square, Santa Rosa. The school was founded in 1999. Kid Street is authorized through Santa Rosa City Schools. Our diverse population enjoys a small environment with 7 classrooms with highly qualified teachers using STEAM curriculum. We offer a holistic program that focuses on all levels of human need. We utilize: Maps Growth for assessment, Responsive Classroom and ToolBox for our social emotional programming, Envision for mathematics, and Amplify for ELA. The Mission of Kid Street Learning Center, in partnership with the community, is to provide a rigorous and enriching educational program in which every child realizes their full potential. We strive to meet each student's unique physical,

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), our school facility is maintained in good overall condition, with systems and learning environments that are clean, safe, and functional in alignment with Education Code sections 17014, 17032.5, 17070.75(a), and 17089(b). Identified needs are addressed through established work order processes and routine preventive maintenance to ensure timely corrections and continuous improvement.

In support of safe, high-quality learning spaces, we completed a major playground refresh and improvements during the summer and fall of 2025, enhancing student safety and outdoor play opportunities. We also made targeted theater improvements in spring 2025 to strengthen our performance and gathering space, and we are planning additional theater upgrades in spring 2026 to further improve functionality, accessibility, and the overall student experience.

B. Pupil Outcomes	State Priority: Pupil Achievement
	<p>The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):</p> <p>Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).</p> <p>The CAASPP System encompasses the following assessments and student participation requirements:</p> <ol style="list-style-type: none"> Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). <p>College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.</p>

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are encouraged to participate in a wide variety of events such as the following: STEAM Nights, Gratitude Feast, Back to School night, Family movie nights, Open House, plays in the theater, poetry and dance recitals, and Teacher Appreciation Luncheons. Parents are also welcome in the classrooms as volunteers and cleared through our Be a Mentor system to ensure student safety. Caring adults interested in helping to develop the Local Control and Accountability Plan should contact the school Director, Kathleen Mallamo, at kathleenm@kstreet.org.

Fiscal Year 2024-25 Types of Services Funded

Our school provides a range of programs and services designed to support students' academic growth, enrichment, and overall well-being. We offer a STEAM-focused curriculum that integrates science, technology, engineering, arts, and math to build critical thinking, creativity, and real-world problem-solving skills across grade levels. In addition, our intervention program provides targeted academic support to help students strengthen foundational skills and meet grade-level expectations.

To ensure students have the resources they need to thrive, we also offer several no-cost supports for families, including a free after-school program that provides extended learning and enrichment opportunities. We provide a free handmade food program to help meet students' nutritional needs, along with a clothing program that supports families with essential items. Together, these services help remove barriers to learning and promote a safe, supportive, and inclusive school environment.

Professional Development

Kid Street provides professional development to faculty and staff that is based on student need. Needs are determined by state testing data, formative assessments, English Learner assessments, attendance rates, suspensions rates, and evidence supported research on ways to support student engagement and foster a positive school climate.

Each year, faculty participate in on-campus PLC meetings and, at a minimum, 8 hours of off-campus professional development. New teachers participate in Induction, and we have teachers who mentor those teachers as needed. Kid Street provides an annual back to school training that focuses on Self Care strategies for teachers and staff. The certificated staff participate in annual team building activities on and off campus.

During the 2024–2025 school year, Kid Street Charter prioritized professional learning to strengthen literacy instruction and improve outcomes for all students. Staff engaged in a year-long focus on the Orton-Gillingham approach to literacy, including participation in the SCOE Literacy Fellowship, which was completed by three primary teachers and the reading teacher. In addition, teachers completed 16 hours of training on High Quality Instructional Practices to support improved Summative ELPAC achievement. Expanded learning and support staff also participated in targeted development opportunities, including the Region One Expanded Learning Conference for after-school program staff and a Multilingual Learner Conference for classroom aides to better support language development and student access to instruction.
