Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Kid Street Charter uses federal funds to support students who have not met proficiency goals. Our five Local Control and Accountability goals are based upon our work to provide equitable support to each and every student in the areas of basic needs, social emotional needs and academic needs. We continually examine data to support programming that makes a difference in our metrics and seek out innovative practices to close the achievement gap.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

We are a school-wide Title 1 school and provide increased services for struggling learners who are low income, homeless/foster, and/or English Learners. We provide direct Intervention services in both Math and English Language Arts. We also provide intervention services within our After School program to ensure that students are supported in their academic goals. We are part of a county consortium for English Learner programming which gives us the ability to receive professional development and programs that have been supported through research and practicum outside of our small school.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. Kid Street provides assistance to parents of children served by the school, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children. This is done during required parent orientation meetings, back to school night activities, conferences, and through the student study team process that utilizes RtI. Kid Street provides materials and training to help parents to work with their children to improve their children's achievement. Literacy trainings are conducted by the reading teacher and the appropriate use of technology is reviewed at orientation by classroom teachers. This is done through weekly Professional Learning Community meetings and bi-weekly social emotional learning meetings. Enrichment evenings such as social emotional learning and makers' evenings are planned during these meetings and parents are encouraged to be a part of our professional growth in these enrichment activities. Parents are seen as partners and allies. Kid Street coordinates and integrates parent involvement programs and activities with other Federal, State, and local programs as much as possible. Kid Street provides opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language such parents understand. Funds (under \$30,000) are used to support safe and healthy students. Kid Street has implemented a comprehensive Social Emotional Learning Program. Through the guidance of an MFT our faculty and staff have been trained in Beyond Consequences philosophy, which focuses on teaching children self-regulation strategies. In addition, faculty has been trained in Responsive Classroom at the Advanced level. Also, Staff and faculty have been trained in ToolBox by Dovetail learning which provides a kinesthetic, visual, and verbal affirmation to learn about tools that are important for interpersonal and interpersonal development. These programs together provide a well rounded SEL program at our school. Our program objective is to teach students how to utilize the interpersonal and interpersonal skills needed to have academic and lifelong success in whatever path they choose. We measure the effectiveness of the SEL program through the PBIS student survey, teacher observation, suspension rates, absenteeism rates, expulsion rates, and disciplinary referral rates to ensure that it remains effective.
